COMMUNICATIONS AND PETITIONS

On My Own-ADA issues- Jennifer Gundy presented concerns on ADA compliance and the need for new sidewalks and sidewalk repairs due to disabled persons need to utilize the main roads and /or highways at times for transportation on scooters. Without local ADA compliant buses or transport van(s) available at all times, the ability to lessen the need for disabled persons to be in or on roads without accessibility or identifiable right-of-way may have dangerous consequences.

Also, concerns of the train viaduct being closed for repairs and overgrowth of vegetation along Walnut Street will cause disabled persons to utilize other streets within the city limits. On My Own is willing to investigate opportunity for additional grant funds from MoDOT for cost sharing in the repair, replacement or future sidewalk installation.
